

20 THINGS THAT MADE me question my own sanity this week...

Facebook appear to be trialling AI in my feed

And it's like they've invited a party pooper along for the ride. 🎉👉💩

A party pooper who:

- Doesn't quite understand humour
- Has no idea of context or nuance
- Loves to offer unsolicited advice
- Needs to take a chill pill
- Is funny for the wrong reasons

Honestly, I don't even know what to say. But if there was an argument for "just because you can, doesn't mean you should..." this might be it 🤔😏
